

Your Doctor has asked you to collect 3 urine (wee) specimens for Pathology testing.

When you wake up in the morning urinate (wee) into the container.

Close the lid on the container tightly.

Do this every morning for 3 days in a new container.

Write your full name, date of birth and the time and date of the collection on each container.

Store the containers in the fridge.

Note: A minimum of 50mls is needed for this test.

When finished, take all the containers and your request form to an Austin Pathology Collection Centre.
