

Your Doctor has asked you to collect a faecal (poo) specimen for Pathology testing.

Open the **brown topped container**.

Use the scoop to place a small amount of faeces in the container provided.

Close the lid tightly.

Write your name, date of birth, and date and time of the collection on the container.

Put the container in the bag and put some ice cubes in the bag. Close the bag tightly.

When finished, take the container and your request form to an Austin Pathology Collection Centre as soon as possible.
